Ain't gonna make no sense  
Ain't gonna waste my time  
Coming up with lies for my defense  
Ain't gonna wait my turn  
I might crash and burn  
But I'll live my life  
Just the way I like  
Thanks for your concern

I don't care what they say  
I'm worth more than I'm paid  
I'm better off playing rock and roll  
And riding bikes all day  
That makes a lot of sense

And baby how about you  
Whatchoo gonna do?  
Don't bend your mind  
To their crooked lines  
Honey remain true
