Girl

I saw you dancing

I'm lookin like trash

Yet you're glancin

I said hello

I'm a rockstar

She said I don't care who you are

Just take me with you

And I will blow your mind

Chorus

This girl was crazy

Completely out of line

But how she amazed me

I should've seen her blind

I guess she blew my mind

So we've gone past dating

She's spending my cash

And I'm up waiting

I said baby

Why the new car?

She said

I'm the girlfriend of a star

Just let me handle this

And I will blow your mind

Chorus

Yeah

Yeah

Yeah

I should've seen her blind

I guess she blew my mind

So typically me

Always fallin for the easy

And now I can't breathe

So typically me

Always fallin for the easy

And when you can't see

She's gonna blow your mind

Chorus
