See the floor around wanting us to feel free
Chasing me sounds perfect to be done
Wanna lift me up?, hold on, remember I'm leading
here
See my hips, I tell you when to touch

It's my game you're getting into
You can slide your mails, why not?,
Wanna abuse you just a little
You can yell it, I like it even more!

You say you'll miss me no no no no no
You wanna call me no no no no no
You think you love me no no no no no no no no no
no no

I wanna kiss sometimes
I wanna break you day
I wanna bite your, / no no no no no no no You can't have
me!
I wanna tease you guy
I wanna have your weight
I wanna erase your, / no no no no no no no You can't
have me!
I Wanna see you wild
I wanna taste your Chest
I wanna make you, / no no no no no no no You can't
have me!
I wanna exceed your mind
I wanna suit your legs

I may be a nasty girl,/ no no no no no no no You can't
have me!

Feel me more, like ground, explore every single inch
Breathing on my neck will bring rewards
If you roll me out, good boy, I'm loving the suddenly
See my lips, don't make them wait too long

It's my game you're getting into
You can slide your mails why not,

You say you'll miss me / NO!
You wanna call me / NO!
You think you love me / NO! NO NO NO NO...

I wanna kiss sometimes
I wanna break you day
I wanna bite your, / no no no no no no no You can't have
me!
I wanna tease you guy
I wanna have your weight
I wanna erase your, / no no no no no no no You can't
have me!
I Wanna see you wild
I wanna taste your chest
I wanna make you, / no no no no no no no You can't
have me!
I wanna exceed your mind
I wanna suit your legs
I may be a nasty girl,/ no no no no no no no You can't
have me!
