[Trina]

Hello may I speak to J-Shin please

[J-Shin]

Yeah this me

[Trina]

Yo this is Diva!

You may not remember me but I met you in the club six weeks ago

[J-Shin]

In the club six weeks ago?

How you get my number?

(It was a one night stand)

[Trina]

Don't worry 'bout that!

I'm just calling to let you know I'm having your baby

(That's all I've had)

[J-Shin]

My baby, naw you trippin' man

[J-Shin]

All the hell you causin' me

Stressin' me, just let me be

The night we met it was on

I took you home all night we boned

You said it takes two to go half

But I don't think you did your math

Cause you're messin' with your man

Creepin' with your man

Now you wanna blame it on me

1 - [J-Shin]

Why you wanna blame it all on me?

It was a one night stand

That's all I've had

Why you wanna blame it all on me?

It was a one night stand

That's all I've had

[Trick Daddy]

My main concern is what turns you on and uh

My mission is to get you home and uh

Kiss your body just to hear you moan and uh  
Unplug the phone nigga miss the bone in ya  
Yo playa just the way I led your other man  
Close friend for a long cause he understand  
Getting beat into crucial like you back bones  
Against your back board  
Whatever turns you on

[J-Shin]

Girl when I met you  
You was with your friends  
Sittin' in the club looking for a man  
Even though you had a man at home  
You thought I was a fool  
But I'm the real one  
Talking 'bout you was neglected and mistreated  
Telling me that love is what you needed  
It took two baby girl when we did it  
I'm the other man so you know I'm not with it, oh no

Repeat 1

[J-Shin]

It was a one night stand  
Yes it was, yes it was, whoa  
Baby tell me is it mine?  
Is it mine?

[Trina]

You right it was a one night stand  
Wasn't in the plan  
You wasn't trippin' when you was spendin' all your  
grands  
Flossin' in your best dawg's CLK  
Believe me it wasn't suppose to go down this way  
You ain't choose me playa I choose you  
Trust me it's other things I rather go through  
I ain't call to try and keep you or drive you crazy  
Just lettin' you know playboy I'm having your baby

Repeat 1 (2x)
