Written by Hank Cochran and Harlan Howard (As performed by Johnny Cash)

To love you so, and still not have you  
Will destroy me in time  
So I'm goin' away, where nobody knows me  
And get you off of my mind  
I've packed my things a dozen times  
But unpack is all I do  
Yes I'm still in town  
Still around  
And still in love with you

I made it to the edge of town  
And turned around  
I made it to the bridge downtown  
But my nerve let me down

I try to go, but how can I leave  
When all roads lead to you  
(Yes) I'm still in town  
Still around  
And still in love with you

(Repeat last two verses)
