Those friends of yours  
They're pulling you down  
They don't want you to get up  
They're content just to hang around  
No attention is paid to you  
They ignore your dreams  
But make it a move  
To stand on your own  
You'll hear them scream  
You should bail out now  
While you still can  
Cause you don't fit into their plan  
Those friends of yours,  
They don't care about you  
It's a game of love and hate  
Pushed back and forth  
This friendship's an affliction  
What is it really worth to you?  
It's such a sick circle.
