"Uh Huh Yeah"

Ain't gonna make no sense
Ain't gonna waste my time
Coming up with lies for my defense
Ain't gonna wait my turn
I might crash and burn
But I'll live my life
Just the way I like
Thanks for your concern

I don't care what they say
I'm worth more than I'm paid
I'm better off playing rock and roll
And riding bikes all day
That makes a lot of sense

And baby how about you
Whatchoo gonna do?
Don't bend your mind
To their crooked lines
Honey remain true
