Somebody Else's Princess  
(CochranCrowe)  
Red hair deep blue eyes  
My baby gets me so good  
She got the franchise  
Take me away  
She takes me up  
Feed my needs  
Keeps me sharp  
Keeps me pumped  
I'm splitting out my skin  
She's got me in a mess  
So deeply imbedded  
In somebody else's princess  
Oh good Lord  
Out in the garden  
Under the stars

I'm dreaming of her laughing  
And driving a fast car  
Crazy, crazy  
Shiver and shake  
Baby's got me cracking  
Like I'm in an earthquake  
Love unrequited  
Love unrequited  
Jamming up my system  
I'm melting with desire  
Take me away  
She takes me up  
Feeds my needs  
Keeps me sharp  
Keeps me pumped
