What's Her Name?

(Crowe Cochran)

Well I'm doing it again

I'm searing inside your picture

I'm supposed to be your friend

So I adjust what you want me to think

And I wonder what I'd do - if you blinked

Reached out and touched me

It's a wonder that I get any sleep

When the woman I need is so far out of reach

When we touch and when we talk

Our needs are the same

Well I ache for more of - What's her name?

What's her name?

What's her name?

And I know those earrings

And I have seen parts of that dress

And her hands sparkle with promises

Secrets I'm never gonna get to keep

It's a wonder that I get any sleep

When the woman I need is so far out of reach

When we touch and when we talk

Our needs are the same

Well I ache for more of - What's her name?

What's her name?

What's her name?

Well I'm doing it again

I'm searing inside your picture

I'm supposed to be your friend

So I adjust what you want me to think

And I wonder what I'd do - if you blinked

Reached out and touched me

It's a wonder that I get any sleep

When the woman I need is so far out of reach

When we touch and when we talk

Our needs are the same

Well I ache for more of - What's her name?

What's her name?

What's her name?

Well I'm doing it, I'm doing it, I'm doing it, I'm doing it
again
