No warning sign, no alibi
We faded faster than the speed of light
Took our chance, crashed and burned
No, we'll never ever learn

I fell apart, but I got back up again,
And then I fell apart, but got back up again,
yeah

We both could see crystal clear,
That the inevitable end was near
Made our choice, a trial by fire,
To battle is the only way we feel alive

I fell apart, but got back up again,
And then I fell apart, but got back up again,
And then I fell apart, but got back up again
away oh
away oh
away oh

away oh
away oh
away oh

So here we are, the witching hour,
The quickest tongue to divide and devour
Divide and devour
If I could end the quest for fire,
For truth, for love, and my desire,
My desire
And I fell apart, but got back up again
away oh, away oh, away oh, away oh, away oh,
away oh, away oh, away oh, away oh,

I fell apart, I fell apart, I fell apart,
I fell apart. I fell apart,
But got back up again
