Here,
the moment of truth
It comes in the air
It's always the same,
it's so insane.
You cover your eyes
you fall inside
before it begins it's over.

Crash,
Crash,
out of control
Lose yourself
Go and even the score
Crash,
Crash,
out of control
Try and start a riot
while you're beggin' for more.

Anarchy in
Tokyo.

They say the city is safe,
the keepers of faith,
the bullet is safe for one and day
Eclipsed by the one
Don't bother to run

The target is on your back
You're done.

Crash,
Crash,
out of control.
Feed the source,
come join in the war.
Crash,
Crash,
out of control.
Take it,
break it

a million or more.

We're outta control [x4]

Crash,
Crash,
Out of control
Feed the source,
come join in the war.
Crash,
Crash,
out of control
Take it
break it
A million or more.

Anarchy in
Tokyo,

Anarchy in
Tokyo.
