No matter how many times that you told me you  
wanted to leave  
No matter how many breaths that you took you still  
couldn't breathe  
No matter how many nights that you lied wide awake to  
the sound of the poison rain

Where did you go? where did you go? where did you  
go?

Heart beat, a heart beat, I need a... heart beat, a heart  
beat...

Tell me would you kill to save for a life?  
Tell me would you kill to prove you're right?  
Crash, crash, burn let it all burn  
This hurricane is chasing us all underground.

No matter how many deaths that I die, I will never  
forget  
No matter how many lives I live, I will never regret  
There's a fire inside this heart and a riot about to  
explode into flames  
Where is your God? Where is your God? Where is your  
God? ...

Do you really want?  
Do you really want me?  
Do you really want me dead?  
Or alive to torture for my sins?

Do you really want?  
[heart beat, a heart beat]  
Do you really want me?  
[I need a.. heart beat, a heart beat]  
Do you really want me dead?  
[you know I gotta leave, I can't stay,  
I know I gotta go, I can't stay]  
Or alive to live a lie?

Tell me would you kill to save a life?

Tell me would you kill to prove you're right?  
Crash, crash, burn let it all burn  
This hurricane's chasing us all underground  
You say you wrong, you wrong, I'm right, I'm right,  
you're wrong, we fight  
Ok, I'm running from the light, running from the day to  
night  
Oh, the quiet silence defines our misery  
The riot inside keeps trying to visit me  
No matter how we try, it's too much history  
Too many bad notes playing in our symphony  
So let it breathe, let it fly, let it go  
Let it fall, let it crash, burn slow  
And then you call upon God  
Oh you call upon God

Tell me would you kill to save a life?  
Tell me would you kill to prove you're right?  
Crash, crash, burn let it all burn  
This hurricane chasing us all underground

This hurricane...(x5)

Do you really want?  
Do you really want me?  
Do you really want me dead?  
Or alive to torture for my sins?

Do you really want?  
Do you really want me?  
Do you really want me dead?  
Or alive to live a lie

Running away from the night, running away from the  
light  
Running away to save you're life
