No matter how many times that you told me you
wanted to leave
No matter how many breaths that you took you still
couldn't breathe
No matter how many nights that you lied wide awake to
the sound of the poison rain

Where did you go? where did you go? where did you
go?

Heart beat, a heart beat, I need a... heart beat, a heart
beat..

Tell me would you kill to save for a life?
Tell me would you kill to prove you're right?
Crash, crash, burn let it all burn
This hurricane is chasing us all underground.

No matter how many deaths that I die, I will never
forget
No matter how many lives I live, I will never regret
There's a fire inside this heart and a riot about to
explode into flames
Where is your God? Where is your God? Where is your
God? ...

Do you really want?
Do you really want me?
Do you really want me dead?
Or alive to torture for my sins?

Do you really want?
[heart beat, a heart beat]
Do you really want me?
[I need a.. heart beat, a heart beat]
Do you really want me dead?
[you know I gotta leave, I can't stay,
I know I gotta go, I can't stay]
Or alive to live a lie?
Tell me would you kill to save a life?
Tell me would you kill to prove you're right?
Crash, crash, burn let it all burn

This hurricane's chasing us all underground
You say you wrong, you wrong, I'm right, I'm right,
you're wrong, we fight
Ok, I'm running from the light, running from the day to
night
Oh, the quiet silence defines our misery
The riot inside keeps trying to visit me
No matter how we try, it's too much history
Too many bad notes playing in our symphony
So let it breathe, let it fly, let it go
Let it fall, let it crash, burn slow
And then you call upon God
Oh you call upon God

Tell me would you kill to save a life?
Tell me would you kill to prove you're right?
Crash, crash, burn let it all burn
This hurricane chasing us all underground

This hurricane...(x5)

Do you really want?
Do you really want me?
Do you really want me dead?
Or alive to torture for my sins?

Do you really want?
Do you really want me?
Do you really want me dead?
Or alive to live a lie

Running away from the night, running away from the
light
Running away to save you're life
