And it's terrifying.

But you always said to me "Do what you wanna do".

So don't tell me after its over. "It's no good".

Walk a thin line that you made and there's no denying.

Why can't you see it's too late.

Only you I crying.

But you always said to me "Do what you wanna do".

So don't tell me after....it's over.

Saying it's over.

Don't just sit around.

Saying that it's over now.

It's no good.

You wish you could but you can't and I hate you for it.

Live through my lies.

Where I stand.

And you'll thank me for it.

But you always said to me "Do what you wann do".

Don't tell me after its over.....

You always said to me "Do what you wanna do".

Don't tell me after it's over. "It's no good".
