And I say.. the brother's about to get naughty!  
Rockin you on down.. to the last.. STOP!

[Run]

See them on the corner, schemin a scam  
Makin plans beat the man that'll put him in ?amb's?  
Cut for the loot to group, hit a troop or bank  
No thanks to the brothers in blue  
Freeze stay at ease, nigga get to your knees  
Seen cash in the back, about a hundred G's  
Step to the next, got a scam with checks  
Cold stole a bankroll from plenty of ?? then  
up to The Ave., a cab to the lab  
to make a stop to drop off the money in the bag  
and then send a friend that's been down  
to do a job to rob a brother in town  
Livin and givin a damn, two different things  
The brother dig diamond rings  
It's not about makin the money, but the money is taken  
Shake em down, flip em out, then break em  
He'll break a leg, to get the money  
A diggy diggy don't forget he'll break a law, seen  
Ain't a damn thing funny bout a nigga named Sonny  
but the brother's about to get naughty

The brother's about to get naughty! (4X)

[D.M.C.]

Starin and tearin in my direction  
Selection is vexin, I brought protection  
Suspicious, frisk us, ? has to diss us  
Scoldin and holdin me 'gainst my wishes  
Searchin my ride, my body, my soul  
Tryin to find some kind of substance control  
Maybe someone is carryin a gun  
No, nothing, no one has none  
Gloomy and sorry when I come clean  
Yo officer, what does this mean?  
My system is loud and I draw a crowd  
Not only King, I'm black and I'm proud

This ride is mine, do you mind if I own  
So stop tryin to rob mines and leave me alone  
The officer said I saw you before  
comin out the door of a grocery store  
I said to my partner there goes a man  
and he's got a trouble starter, inside his hand  
My man Eric Blam said stop on the cops  
And then what the Blam said, you're sure to get shot  
Now they ignore me cause you saw me with a 40  
He thought the brothers were about to get naughty

The brother's about to get naughty! (4X)

[Run]

How ya livin on the ill side, makin a livin  
driven, never givin a damn about the women and  
if this is life, your wife, you're livin trife  
For spite you hit the pipe every night and just fight  
You're naughty, make a girl get physical  
She get loose for juice and then you diss her  
Pull and take another girl on a escapade  
A trip around the world a what a mess you made  
Another lady, gravy, maybe you're crazy  
You see ? ?? today, you don't faze me  
but gettin kinda hectic on the power tip  
A brother gotta pay no matter how it get

Face the facts, base the crack,  
taste the stacks last, and these suckers are back  
So when you see the company that claim to be  
the truth you done get raw, see  
Check out the three, Run-D.M.C.  
and the brothers about to get naughty!

The brother's about to get naughty! (4X)

[???

Open up the door and let the brothers in  
Cause it's a sin, if we ain't down, on what's happenin  
Yo what's up, you don't like the way I walk  
or I guess it's, just the way I talk or are you prejudiced  
Invited to the show, threw on my afro  
Jumped out the limo, get to the front, you tell me no  
Yo I just came to mingle, watch the earrings jingle  
Grab a cutie rub-a-dub 'til it tingle  
But you wanna single me out, but I ain't did that  
Check me, I ain't strapped, pull the barricade back  
I'm comin in black, I know you're hard dick  
six foot bodyguard, but why should I be barred  
Yo, yo, pass the 40  
Cool T, Hurricane, Run and D's about to get naughty..

The brother's about to get naughty! (4X)
