When you think of me, wave to me and send me song

Don't look back when you reach the new shore

Don't forget what you're leaving me for

Don't forget when you're missing me so

Love must never hold, never hold tight, but let go

Oh, the nights will be long when I'm not in your arms

But I'll be in this song that you sing to me

Across the sea, somehow, someday

You will be far away, so far from me

And maybe someday I will follow you in all you do

'Til then, send me a song

When the sun sets the water on fire

When the wind swells the sails of your hire

Let the call of the bird on the wind

Calm your sadness and loneliness

And then start to sing to me

I will sing to you

If you promise to send me a song

I walk by the shore and I hear

Hear your song come so faint and so clear

And I catch it, a breath on the wind

And I smile and I sing you a song

I will send you a song

I will sing you a song

I will sing to you

If you promise to send me a song
