Remember when we used to talk all night?

We didn't get much sleep

Talkin' 'bout and plannin' out our lives

And who we're gonta be

Things were so much different then

Our lives have changed so much my friend

But you and I will always believe

[-Chorus-]

'Cause we'll be

You'll see

We'll be

We'll be Friends Forever

We'll be

You'll see

We'll be

Like Thelma and Louise

We'll be

You'll See

We'll be

we'll be Friends Forever

Friends Forever

Friends Forever

I know that he's been hurtin' you

I've known for a while

Now you've found love in someone new

I can see it in your smile

I swear your secret's safe with me

Won't tell nobody what I see

What you need is perfect trust in me

(repeat chorus)

We all need

Someone we can trust

A Friend

Of our own

I swear your secret's safe with me

Your not alone

Together

Forever

You can depend

Together

We will fight

'Til the end

oh yeah

(repeat chorus 'til faded out)
