Performed by Jamiroquai)

I must've died and gone to heaven
Cos it was a quarter past eleven

On a Saturday in 1999

Right across from where I'm standing

On the dance floor she was landing

It was clear that she was from another time

Like some baby Barbarella

With the stars as her umbrella

She asked me if I'd like to magnetise

Do I have to go star-trekking

Cos it's you I should be checking

So she lazer beamed me with her cosmic eyes

She's just a cosmic girl

From another galaxy

My heart's at zero gravity

She's from a cosmic world

Putting me in ecstasy

Transmitting on my frequency

She's cosmic

I'm scanning all my radars

Whenl she said she's from a quasar
Forty thousand million light years away
It's a distant solar system
I tried to phone but they don't list 'em
So I asked her for a number all the same
She said, "step in my transporter
So I can teleport ya
All around my heavenly body"
This could be a close encounter
I should take care not to flounder
Sends me into hyperspace, when I see her pretty face
She's just a cosmic girl
From another galaxy
My heart's at zero gravity
She's from a cosmic world
Putting me in ecstasy
Transmitting on my frequency
She's cosmic
She's just a cosmic girl
From another galaxy
Transmitting on my frequency yeah cosmic, oh
Can't you be my cosmic woman
I need you, I want you to be my cosmic girl
For the rest of time
Oh im losin My Mind On That Cosmic Girl Yeah. (Fade
Out
