Performed by P.Y.T.)

When the going starts to get rough

And you've feel like you've had nothing but music

Take control of you soul

Take a chance and do what you need

You're a force they can not live without it

You gotta break the chain

Yeah

Theres a passion inside

In a strength that drives

Can't nobody take that away from you

Its a greatest high

Set the floor on fire

And you come alive

And we're dancing, and it feels alright

I can't control my desire

And we're dancing, and it feels alright

And we're dancing, and it feels arlight

Can't hold me down

Gotta reach for the skies

And we're dancing and it feels alright

Some people don't know the love you contain ??

They contain what they don't understand

ANd its natural

You;re in a world of your own

Theres a passion inside

In a strength that drives

Can't nobody take that away from you

Its a greatest high

Set the floor on fire

And you come alive

And we're dancing, and it feels alright

I can't control my desire

And we're dancing, and it feels alright

And we're dancing, and it feels arlight

Can't hold me down

Gotta reach for the skies

And we're dancing and it feels alright

Push it to the max

Feel the music fall at your feet

Don't you dare hold back

Cause it feels so right

Theres a passion inside

In a strength that drives

Can't nobody take that away from you

Its a greatest high

Set the floor on fire

And you come alive

And we're dancing, and it feels alright

I can't control my desire

And we're dancing, and it feels alright

And we're dancing, and it feels alright

Can't hold me down

Gotta reach for the skies

And we're dancing and it feels alright
