Because of saving myself the hairdresser,  
they cut wrong my hair today.  
What am I going to do now?  
This ain't getting any better

My friends will make fun of me  
I can't go back to school again

Not even with a different hairdo  
This has not any improvement  
Because of saving myself the hairdresser

Now i must wear a hat forever

My friens will make fun of me  
I can't go to school anymore  
His friends, we will make fun of him  
He can't go back to school again

There's just one comfort left for me  
Wait for my hair to grow long again
