i tried to move with a cool hand
it didn't go as i planned
im full of rookie maneuvers
and gestures meant to be grand

Ive pulled a bag of tricks one after the other
i asked if you heard of my band
so misguided the sincere approach never tried it once
you said to just drop the game flat
why didn't i think of that

(corus)
my daisy you make me go crazy
forever amaze me
now let's let the day go lazy
my daisy you know what im after
your musical laughter
a more beautiful disaster

i cant believe what you create
when you let your heart detonate
you let your mind go with one blast in another
and what comes next i will await, hmmm
tell me again the one about the time
we first got together and you blew my mind
i find my mind in the gutter
when i think of my daisy cutter

(corus)
my daisy you make me go crazy
forever amaze me
now let's let the day go lazy
my daisy you know what im after
your musical laughter
a more beautiful disaster

its four months now
since you crashed into my life (to my life)
you leave a path of delightful destruction
your quite the throng, my daisy

hoos hoos

just clap your hands
get down to the beat
just clap your hands
just clap your hands to the beat

(chorus)
daisy you make me go crazy
forever amaze me
now let's let the day go lazy
my daisy you know what im after
your musical laughter
a more beautiful disaster

my daisy, you know what im after
you make my heart beat so much faster
my daisy, you know you drive me crazy
you just blow me away, my daisy
