I can see it now, 'cause of [Incomprehensible]
The funny thing is that we couldn't have it any other
way
It kills me when we say

Though all we've been through
All the songs that I've sung for you
We both know I'm gonna lose you

I hate to be alone
There comes a time to reap what you've sewn

Though all we've been through
All the songs that I've sung for you
We both know I'm gonna lose you

Think of all the good times
Instead of wish we could times
So much better that way

This is what I ask for
This is what I deserve
Be careful what you ask for

Think of all the good times
Instead of wish we could times
So much better that way, yeah

This is what I ask for
This is what I deserve
Be careful what you ask for
