Story time  
Sways away the haze  
They spent contemplating, formulating, theory siring  
above me swimming  
Pay tribute to the few we look up to  
Come again  
You my soul fool  
Who will know us but our brothers  
Those who down with us are thinking  
New school, tip top, pound the feeble  
Walking and talking  
Low down and evil  
Follow me now  
Yo Vato  
The nix hex is on

Would everybody just look at the hook  
I took it strait from my brain  
Reminds me of the time I was insane  
And so I wrote it when I was loaded  
And voted the least likely to turn out like a square

I'm singing it for your mind and no  
I'm singing it for your ears  
Jump up and down and leave the ground and know  
that's why your here  
And they say down diggey down down, down diggey  
diggey down, stronger, longer  
Line up your ways of know what I'm thinking say it  
again

And now I'm with my home team back with a good seat  
I gladwick like chadwick to tell you what I mean  
Were laying back on it just like good sex  
Smooth yet physcodelic it's called the nix hex-um

The monologue of a singalong  
Las banderas de san juan piden pa ?????  
"I'm feelin' fine, lord it's time"????? Go tell it on a  
mountain ,then again bring a friend  
You'll maybe get dizzy with a scence of vertigo

Uplifted soul from the view that I'm on nothin' but love  
But love  
But love in my blood sonic in the vortex  
This is the hip thing  
Called the nix hex  
Dig it

Begin  
Come see me now come see me now baby  
Come see me now come see me now aye  
Come see me now come see me now Baby  
Come see me now come see me now

I'm wickedly wild I need to put down  
I come without a wreck so let's get  
I'm wickedly wild I need to put down  
I come without a wreck so let's get down

I want to make some music in this country  
And I am the rhythm missionary with the melody  
Wait a minute, just a minute  
Yes yes time to rhyme and shine now rip it rip

Jump up and down cause that's the 311 style  
Cruise on by the frowners, float follow me now with a  
smile  
I got a golden ticket not gonna even pick it  
I heard it he said it I heard it but it we but it went  
something like

The rhythm will make you want to move your body  
I had it once and never ever forgot it
