## "Stealing Happy Hours"

Massive laminate fortress, hazy cannibus porches  
Saying no to the bores it's not mine or yours then I said  
"Wait sucks I don't mind waiting"  
You get here there's no more gates and I gotta say

Stealing happy hours  
Stealing happy hours, yeah  
Stealing happy hours  
Stealing happy hours, yeah

Wait on minute more to ask me  
You make me feel like Hank Chinaski  
War all the time, war all the time  
[Incomprehensible] no one else can seem to find

Stealing happy hours  
Stealing happy hours, yeah  
Stealing happy hours  
Stealing happy hours, yeah

Stealing happy hours  
Stealing happy hours, yeah  
Stealing happy hours  
Stealing happy hours, yeah
