Take a chance on something star you gotta  
All the live long day  
If I had toname one thing you think data  
Be hard pressed to say  
You can't say I'm gushy,  
Atleast you know what I think I know that I'm lucky, I  
know you're on the brink  
You got it good good good,  
You got it good so good  
You make up ridiculous words which mean exactly  
nothing  
I know just what you mean and that's the funny thingIt's  
understood,  
It's understood  
Buddy buddy buddy I know why you wander  
Through the sweetness on the ground  
The sweetness of the flowers  
You make yourway on a cloudy day  
You've got to move

The world you prove is too sweet, yeah  
We parted much too soon I know but that's how it goes  
There's someone better outthere for you and me  
Can't wait to get on the road and feel the shows  
And belike phenomenon number 1 and 2 and 3  
I don't mean to brag, I don't mean to boast  
But I am the guy that could give you the most  
It's good good good, It'sunderstood  
Buddy buddy buddy I know why you wander  
Through the sweetness on theground  
The sweetness of the flowers  
You make your way on a cloudy day  
You've gotto move  
The world you prove is too sweet, yeah
