## "This Too Shall Pass"

I don't Jones for nothing 'cause that's a waste  
Waste of space in my frontal lobe  
And I just sit, deal with it, don't have a fit  
Do you know what I'm sayin'?

I just get as down as I can  
Don't look to relief from a troubled young man  
Just take a piece  
Sometimes it sucks

Oh, I'm not too sure if I can do  
This on my own guys  
Like I'm thinking, maybe we should form a support  
group  
Or perhaps a church sponsored youth group

Oh, and then, then I say  
I looked the other way  
I changed my point of view  
And here's what I do

This too shall pass  
This too shall pass  
This too shall pass  
This too shall pass

All the good times, all the bad times  
Face it bro, they all will pass

Your problems will seem inconsequential and trivial  
When you realize one thing  
We're just a speck of dirt on this golf ball  
Called earth so get stupid and sing

And then I feel stupid for saying it in the first place  
'Cause this ain't no woosies anonymous, right Chad  
That's right, Chad says no  
(Chad)  
So, fuck it up

Oh, and then and then I see  
I looked the other way

I changed my point of view  
And here's what I do

This song is passed  
So put that in your pipe and smoke it
