I know what you're thinking
I know I did you wrong
I've just got this feeling
Baby, please hold on

The way we used to dance
We forgot the steps
We both lost our balance
I drink to forget

Whiskey and Wine
Killing me, shot at a time

You put the liquor in the cup
And then you just swirl it around
Cause you don't remember if you're up or you're down
A temporary fix, your moments elixir yeaaaaaaaah
And I will say
I put my hand up in the air
And I won't do it again no
Can't promise it because I don't pretend to know why
the price I pay, a yeah yay
Not a remedy for a thing
and i wont do it again-ah

Whiskey and Wine
Killing me, shot at a time

Whiskey and Wine
Killing me, shot at a time
