uh uh

heh heh

yeah, check it

uh uh

I be curb servin' this ebonical slang  
When it's time to splerge a verse, I'm on top of my  
game  
I cock back and spit to leave the streets in flames  
and I got it on lock with dead bolts and chains  
You better duck 'cause I aim for the waist up  
If I'm the nigga spittin' the Philly is gettin laced up (ha)  
And I don't battle on wack nigga, so raise up  
That's like tryin' to titty fuck a bitch with an A-cup  
But if you blast first, I'ma blast back  
And by the last verse you gon' pull yo panties out yo  
ass crack  
Then I'ma backtrack and reach inside my backpack  
And slip another clip in the strap and let the gat clap  
And that's that, I be stupid, ruthless  
With a flow that be travelin' like loose acoustics  
I'm a hog nigga like I just did two bids  
Comin' home to a gang of whips and two cribs
