Hotel Room

by David Chalmers

Sittin' in my hotel room

High up in the sky

Lookin' at a rusty moon

I wondered 'bout a train that was goin' to town

I wondered 'bout that trouble goin' 'round.

Back down on the line

Tryin' to make some time

You goin' to the fair on Sunday night?

Oh, should I try and catch you there?

Sittin' in my hotel room

High up in the sky

Lookin' at a rusty moon

I wondered 'bout a train that was goin' to town

I wondered 'bout that trouble goin' 'round.
