something in my mind keeps me satisfied  
shoved aside, pushed to the wayside  
if you lead, i will follow you  
vague memories in my mind they hide  
shoved aside to get thrown by the wayside  
if you lead, i will follow you  
dreamtime comes quick when broken  
keep me satisfied so help me  
so long i prayed for dreamtime, so help me  
and it's inside of you my friend  
who'll save me, who will?  
it's all inside of you, dreamtime
