Keep my enemies close to me

And I've been watching you closely

Yes I despise you mostly, yes you!

You think you're tall for dogging me

You're small you see, a wannabe

A mirror of me is stolen, identity

Why'd I do it?

You drove me to it

You think you're tall for dogging me

You're small you see, a wannabe

A mirror of me is stolen, identity

I keep my friends close to me

And I've been watching you closely

Yes I despise you mostly, yes you!

Why'd I do it?

You drove me to it

You can take the high road

We'll play by my rules

You can take the high road

We'll play by my rules

Never, say never, say never, say never

Why'd I do it?

You drove me to it

Drove
