i realize i'm dead

i'm fucked in the head

i'm not living without you

my life is a game my life is a shame

i'm not living without you

my life is alone my life is alone

i'm not living without you

you're bleeding me(3x)

you're bleeding

i realize i'm dead

i'm fucked in the head

i'm not living without you

my life is a game my life is a shame

i'm not living without you

this heart has been choked and my life is a joke

and i'm not living without you

you're bleeding me(3x)

you're bleeding.... YOU!

you've taken all from me

what i have to see

what i cannot be inside you

my love my god my love bleeding me
whats this whats this?
i can't live
i realize i'm dead i'm fucked in the head
i'm not living without you
my life is a game my life is a shame
i'm not living without you
this heart is a joke and my life has been choked
and i'm not living without you
and my life is a game my life is a shame
i'm not living without you
you're bleeding me(3x)
you're bleeding....YOU
