There it goes it goes with her

It never leaves so easily

And there it goes it goes with him

It never leaves so easily

And thoughts come

And thoughts go

Tear people apart who don't know

It's just a notion that comes to me

It's just a notion that comes to me

It's just a notion that comes to me

It's just a notion that comes to me

Here it comes it comes to her

It doesn't come so easily

And here it comes it comes with him

It doesn't come so easily

And thoughts come

And thoughts go

Tear people apart who don't know

It's just a notion that comes to me

It's just a notion that comes to me

It's just a notion that comes to me

It's just a notion x8

It's just a notion that comes to me

Notion!

It's just a notion that comes to me

It's just a notion that comes to me

It's just a notion that comes to me

It's just a notion x8

It's just a notion that comes to me

Notion
