It's deep inside
But I don't know what for
You never seemed to like me when I knew you best
It takes me back
But I don't know what for
You never seemed to want me anyway

If I go crazy
Will you still be
The only photograph I see

Seventeen photographs
Four short days, three long nights
Seventeen photographs
Four short days, three long nights

On second thought
It's so hard to say
It's hidden in some pictures I took long ago
Last July
But it's so hard to say
You never really liked me anyway

If I go crazy
Will you still be
The only photograph I see

Seventeen photographs
Four short days, three long nights
Seventeen photographs
Four short days, three long nights

It's killing me
It's stuck inside
Can't get you out
Even when I tried
It's all the same
It took a while
I can't complain
Now I know I hate your smile
