Your cables on the fritz  
I'm here to fix it all  
And maybe take my shirt off too  
Your showers on  
Don't get me wrong  
I'll fix the cable once I'm through with you  
Let your love cum down on me girl

It's automatic  
And I can't stand it  
Buy a dress and cut your hair  
Who really cares

You're working late  
We need a brake  
How about you and me, we call out for some Chinese  
food  
Your secretary  
I'm on my knees  
I never knew that Chinese food could be this good with  
you  
Let your love cum down on me girl

It's automatic  
And I can't stand it  
Buy a dress and cut your hair  
Who really cares
