I should have known something was wrong when I saw  
black velvet paintings  
Hanging over furniture that just wasn't there  
I never liked the way you'd always ask me what I'm  
thinking  
I never liked the way you wanted me to pull your hair  
Haven't we had this conversation  
Haven't we had this conversation  
Haven't we had this conversation  
Four times already

Goodbye Cambria  
I'm sorry but I just can't help you  
That's why Cambria  
I tried day and night to forget you

I hate the way you'd drink and smoke me underneath  
the table  
Hanging on me like dead weight, a tear stuck to your  
cheek  
I want to meet someone who isn't prone to going  
psycho  
Mississippi don't send more pathetic refugees  
Haven't we had this conversation  
Haven't we had this conversation  
Haven't we had this conversation  
Four times already

Goodbye Cambria  
I'm sorry but I just can't help you  
That's why Cambria  
I tried day and night to forget you

Damn  
Way to go  
Head to toe  
Falling faster this disaster wasn't slow  
Just a girl  
And a girl  
Should have stuck together in a better world  
Saturday

All the way  
Maybe sorry's not the word I want to say  
Get it out  
Cry it out  
While you weren't sleeping I was thinking  
Haven't we had this conversation  
Four times already

Goodbye Cambria  
I'm sorry but I just can't help you  
That's why Cambria  
I tried day and night to forget you
