The fires out in Coeur d' Alene  
But it always burned that slow  
The doctors they won't ever change  
But it goes and it goes and it goes  
Pack your suitcase  
You drive far away  
Till nothing's wasted  
The map she's got  
Won't say a lot  
It's straight to Las Vegas

Someone help me  
I can't hear this  
Someone help me  
I can't hear this

So you're in your car  
It won't be hard  
Coeur d' Alene won't entertain  
I can't believe you've come this far  
Days have come and gone  
It won't be long  
Everyday is a better day  
To get you out where you belong

She quit her job as a dental assistant  
The one in back of the mall  
She quit her boyfriend and all of his talking  
But he calls and he calls and he calls  
Pack your suitcase  
You drive far away  
Till nothing's wasted  
The map she's got  
Won't say a lot  
It's straight to Las Vegas

Someone help me  
I can't hear this  
Someone help me  
I can't hear this

So you're in your car  
It won't be hard  
Coeur d' Alene won't entertain  
I can't believe you've come this far  
Days have come and gone  
It won't be long  
Everyday is a better day  
To get you out where you belong
