I lost my head, lost my mind
Living in the middle of a prodigal life
Oh, that's where you found me
About neck deep in a heap of sand
You asked, do I want a new life to live
And you, oh, you said love could save me
And there in a moment, things changed
For the first time, I found grace
And the old me began to fade away, until it was

CHORUS

Gone, gone, gone, gone, gone
Now I've got Jesus and that's a fact
I'm on track and never looking back
I'm gone, gone, gone, gone, gone
Gonna let the past be history
Not gonna let it get the best of me
I'm out the door
What are you looking for

I'm gone

You don't have to tell me twice
All I ever wanted was to make it right
Oh, you gave me forgiveness
And every little shadow in my life
Started fading away into the light
Almost can't believe it
Cause there in a moment, things changed
For the first time, I found grace
And the old me just like all my old days, they were

CHORUS

Now I can see the sun is shining
I'm looking at a brand new start
I'm a million miles away from the world
And I can't believe where you've taken, taken my
heart
Gone, gone, gone, gone, gone
