I come to the altar and I bow before You
You are everything my heart desires
A friend that is closer than any brother could be
I'm so amazed I can call out to You
And You hear me

Salvation has a Name
Mercy has a face
Holiness was crucified, rose to give us grace
Salvation has a Name
Mercy has a face
Jesus, our holiness
Worthy of all praise

Every moment that I come to know You
I find a new depth of love surrounding me
Deeper than oceans, higher than any mountain peak
I'm so amazed at the wonder You hold
I can hardly believe

Jesus, Father, the Maker of time
Healer, Teacher, the Maker of light
You are sustainer to every life
God our Savior

Salvation has a Name
Mercy has a face
Holiness was crucified
And He rose
Jesus, our holiness
Worthy of all praise
Jesus, our holiness
Worthy of all praise

Salvation has a Name
Salvation has a Name
Salvation has a Name
