I don't really know how long forever is
But that's how long I'm gonna give my life
Everything I face, it tries to tear me down
No I won't back away from the sacrifice
I won't forget what you're love means to me
You're always there to light my way

(Chorus)

When all the lights go down and the world is quiet
No one is around
I wanna be the same man that will serve you then
Like I serve you now
That my convictions never change
O let my need for you remain
As real as the moment I was saved

I will always stand amazed

Sometimes my heart desires such selfish things
When the moment comes help me to trust
Something better that you have for me
If I could just hold on to you enough
I won't forget what you're love means to me
You're always there to light my way

(Chorus)

You will be my strength when I am weak
When I wanna give in and not turn the other cheek
Let this be the prayer that I speak
That I speak
