I'm sick of singing stupid love songs
Because I really don't know the words
I've been waiting 'round for so long
For my love song to be heard

Tell me what it's like to miss her
To hold her hand and not let go
To wake up first and then to kiss her
To take it fast but feel it slow

I've been this way for so long
And every night I pray
Jah let me feel that way
Jah let me feel that way

Have you ever loved so crazy
That it almost made you mad
Have you ever thought that maybe
It felt so good it made you sad

If it's my fault that I'm unsure
Just tell me what I need to do
I don't just dream I often wonder
If I'm just lonely or it's true

I've been this way for so long
And every night I pray
Lord let me feel that way
Lord let me feel that way

Don't run away
If you're out there let me know
I'm not afraid
To get so high I'm low

I've been this way for so long
And every night I pray
I've been this way for so long
And every night I pray
Jah let me feel that way
Lord let me feel that way

Allah let me feel that way
God let me feel that way.
