You were all alone
You were constantly broken
You felt so unloved
You were left abandoned
What a difference love can make
To the deep heartbreak back then

(Chorus)

This is now
This is hope
This is the end of a longing
The beginning of a road
To a change
Where everything around you no longer falling down
This is now
This is now

You're allowed to dream
You can think of tomorrow
And you can say goodbye
To all of your sorrow
That's the difference love can make
To the hurt you've held within

This is Jesus
What you've been waiting for
So open up
Hear the words
Your life is lost no more

This is now
This is hope
Beginning of a road
Where every chain around you no longer has you
bound

Chorus x2

This is now
This is hope
This is Jesus
This is now
