"New York Is So Far Away"

Starry night and your love is calling
but a piece of me is gone
I wanna stay forever
A day away is much to long

To be away from you, hurts more
than anybody could know
Keep cool, 'cause I'm crying inside
And I don't want these tears to flow
Out of my eyes

Take my hand,
we'll walk up and down this beach

On the sand,
and I'll tell you that I care for you
And everything,
you say it make me want to stay
One more day,
but New York is so far away

I feel like I've known you forever
Even though it's only been a week
Me and you, we both think alike
And I love to hear you speak
