A coconut bug got in my house

and my head began to shake.

A coconut bug got in my house

taking all my illusion.

Taking os cartos taking my woman

Letting in the torment, nothing to eat.

A coconut bug got in my house

Look in to the eyes, and to her I say...

When the head gets fucked

until it breaks

When the head gets fucked

the bug grabs you.

A coconut bug got in my house

and my head began to shake.

A coconut bug got in my house

taking all my illusion.

Taking os cartos taking my woman

Letting in the torment, nothing to eat.

A coconut bug got in my house

Look in to the eyes, and to her I say...

When the head gets fucked

until it breaks.

When the head gets fucked

the bug grabs you.

The coconut bug made me kill.

The coconut bug sent me to jail.

The coconut bug took my liberty.

The coconut bug left my side.

A coconut bug got in my house

and my head began to shake.

A coconut bug got in my house

taking all my illusion.

Taking os cartos taking my woman

Letting in the torment, nothing to eat.

A coconut bug got in my house

Look in to the eyes, and to her I say.
