Men

I like them all

Brunettes, mulatos,

whities, blondes, blacks

But they have to be men

There are suckers, short men, fat men

ungrateful men, smartasses, bald, hairy,

gay,daring, feared.

There are many men

All men who praise themselves, impose respect

know how to hear, talk, listen, have money, celular

good in bed, and respect you.

If the man doesn't have have any of these virtues

get away from him, take action

because the true man

he loves you, loves you

treats you, treats you

with affection

with respect

and love

will give you great happiness throughout your life

you'll be happy

that's the true man

Men

I like them all

Brunettes, mulatos,

whities, blondes, blacks

But they have to be men
