Last night we had a rendez vous

How do you do ? How are you ?

We went to see a french movie.

What did he do ?

What did he say ?

You really got a hold on me

I wanna hear you say : OH YES !

Baby Baby, I stayed up all night.

Baby Baby, how's it going ?

What time is it ?

I don't know !

We hang around your neighborhood

Like walkin down Champs elysées

You let me get in your bed

Best place in Paris to be !

Baby Baby, I stayed up all night.

Baby Baby, how's it going ?

What time is it ?

I don't know !

Then you said : stop it ! that's enough !

Won't let you get in to my life

And anything I said or do
Wouldn't change your mind, ...
Baby Baby, I stayed up all night.
Baby Baby, how's it going ?
How's it going ?
I don't know !
Last night we had a rendez vous
How do you do ? How are you ?
We went to see a french movie.
What did he do ?
What did he say ?
I put my hand in your basket
You were not that which you do believe...
You really got a hold on me
I wanna hear you say : OH YES !
Baby Baby, I stayed up all night.
Baby Baby, how's it going ?
What time is it ?
I don't know
