Love is all we need"

policopiÃ© ...

Through your inner lands I will go

Through the fresh path of your love

I give you all my feelings

I am met with your joy

Through your inner lands I will go

Through the fresh path of your love

I give you all my feelings

I am met with your joy

Oh daddy, oh mama

How great it feels in bed!

Oh daddy, oh mama

How great it feels in bed!

Me crazy crazy you crazy

Yo pana pana y tu panita

Yo chango chango y tu changuita

Oh daddy, oh mama

How great it feels in bed!

Through your inner lands I will go

Through the fresh path of your love

I give you all my feelings
I am met with your joy
Through your inner lands I will go
Through the fresh path of your love
I give you all my feelings
I am met with your joy
Oh daddy, oh mama
How great it feels in bed!
Let's go by the moon in the sky
Let's go the moon is leaving
Follow it don't let the night die
Follow it, speed up now
