"Another Dollar"

Maybe this time I'm finally losing my mind
Cause I could use the change
Haven't you heard?
Things are way more absurd
They're even kind of strange
Nothing you say could change me
And things are as bad as they can be
Forget who's right
I knew I was wrong all along
So why do we even bother?
Cause I don't recall inviting you here
You're spending another dollar watching me fall
You've placed the blame
It's too late to reclaim
The state of mind we're in
It doesn't look so good
I'd get out if I could
And never start again
You've tasted some brand new flavours
And used up the last of your favours
Forget who's wrong

I knew it'd be you all along
