Say what you want about it
It just isn't true
Just concerning me and you
Is it any wonder anyway
With nothing else to do
If you see it any other way
First you can go
Later you can fake it
So why make it any harder
Just tell them everything you know
Is it wise to make amends
No surprise
You're among friends
So say goodbye
And find a place you'll keep
Hidden somewhere cold and deep
Don't disappoint us all and cheat away your time
Why does everyone ignore it
It won't go away
It'll get you through the day
Doesn't anybody know by now

There's never anything to say

Is it wise to make amends

No surprise

You're among friends

So say goodbye and find a place you'll keep

Hidden somewhere cold and deep

Don't disappoint us all

And weep for old times

Save a cry

You'll need it in a week

And every holiday retreat

Don't disappoint us all and cheat away your time

I'm looking down a tunnel

But I can't see the light

So say goodbye

And find a place you'll keep

Hidden somewhere cold and deep

Don't disappoint us all and weep for old times

Save a cry

You'll need it in a week

And every holiday retreat

Don't disappoint us all and cheat away your time

Save a cry

And find a place you'll keep (cheat away your time)

Hidden somewhere cold and deep

Don't disappoint us all and cheat away your time

Cheat away your time

Cheat away your time
