The tone you take, I turned off the ring

You mind your dates, I'll fill it in

Please see these once

please see them in

I'll let alone

Ever she flows, like a veil undeciphered

It's me who knows, by the way

It's my mistake

You'll have to wait, I haven't bothered

To offer up debate, I think that's obvious

We see these once

We see them in

I'm not alone

Ever she flows, like a veil undeciphered

It's me who knows, by the way

Let's do this twice

Unlike today start again

It's what you chose in the end

Let's get this straight

I'd like to stay and pretend

It's what you chose in the end

It's what you chose in the end

Ever she flows, like a veil undeciphered

It's me who knows, by the way

Ever she flows, like a veil undeciphered

It's me who knows, by the way
